

# I Miss You

Graham Nash

Thinking to myself today, I'm sorry that you went away  
I'm feeling down what can I say, I miss you  
I'm holding back and it's not fair, I think I'm trying not to care  
Of broken hearts I've had my share, but I miss you  
What did we do last Saturday night  
Dining at your mother's on whipped cream and wine  
Make me feel good all the time, make me feel good all the time  
Make me feel good, good  
What did we do last Saturday night  
Dining at your mother's on whipped cream and wine  
Make me feel good all the time, make me feel good all the time  
Make me feel good

Thinking to myself today, I'm sorry that you went away  
I'm feeling down what can I say, I miss you  
I'm holding back and it's not fair, I think I'm trying not to care  
Of broken hearts I've had my share, but I miss you
