

# Madeline

## Bob Schneider

I've been out  
For so long now  
I can feel the cold wind  
Dragging me down  
I'm blowin away  
And lightning strikes me  
There's a whole lot of craziness  
In this townShadowrealm  
Inside this head of mine  
It's getting harder  
And scarier with time  
Met a lover  
Put my money on the long shot  
Came out smelling like a dog  
And not feeling so hot  
I'll take anything that you've got  
Anything you've got now  
I'll take anything  
Madeline  
Madeline  
Madeline  
Just save me from myselfGas station prophets  
Giving me the sign  
Saying tell it like it is boy  
Will you lay it on the line  
This simple life  
Holds no reason  
You play the game  
And turn the dial  
And I'll take anything that you got now  
Anything you've got now  
I'll take anything  
Madeline  
Madeline  
Madeline  
Just save me from myselfAlligator shoes  
Tarantula breath  
Oh it looked good on paper  
Now it's scaring me to death  
I'm all wrung out  
And nowhere to go  
Just a second string

RomeoAnd I'll take anything that you got now  
Anything you've got now  
I'll take anything  
Madeline  
Madeline  
Madeline  
Just save me from myself
