

Family & Friends

Russ

Yeah

I just wanna, yeah, yeah

I just wanna, mmm

Yeah, still goin' Woah, I don't wanna bitch

I just wanna help the people that I came up with
That includes my family, that includes my friends

If you not with us then don't pretend

Woah, I don't wanna bitch

I just wanna help the people that I came up with
That includes my family, that includes my friends

If you not with us then don't pretend

Uh, bitch tryna play me for a fool

Life's too good, I don't give a fuck

We don't really know what's up with you

Everybody know what's up with Russ

New sex symbol, plus he's rich

Does it himself, that young boy lit

Got a couple plaques, I just showed up

Give me some time, no rush

I ain't gon' lie, this patience paid its toll

Mmm, fuck my ex's, I got A-lists on my phone

Mmm, I got money but I spend it on the memories

I done piped up, I'm gon' be here for a century

Woah, I don't wanna bitch

I just wanna help the people that I came up with
That includes my family, that includes my friends

If you not with us then don't pretend

Woah, I don't wanna bitch

I just wanna help the people that I came up with
That includes my family, that includes my friends

If you not with us then don't pretend I keep to myself, I don't get too close to strangers

You might see me comin' but you cannot see the gangsters

That's all I'ma say, 100k when it's show time

I did this myself, I'm my own co-sign

Dropped so many singles, I ain't ever take a word break

You ain't hit a triple, lot of rappers born on third base

I just got plaques for my family and my friends too

Just to let them know success is possible for them too Woah, I don't wanna bitch

I just wanna help the people that I came up with

That includes my family, that includes my friends

If you not with us then don't pretend

Woah, I don't wanna bitch

I just wanna help the people that I came up with
That includes my family, that includes my friends
If you not with us then don't pretend
