

You Got Me

Gavin DeGraw

When the fear takes you down
When the doubt takes you under
When you sink like a stone
And you can't breathe When the tears take control
When the demons take over
Won't be in this alone
You got me Ooh
Oo yeah
Ooh

You got me When the walls all caved in
When the nights all get colder
When you hang by a thread
Of sanity
Rest your head on my heart
And your pain on my shoulders
Make your way to my arms
'Cause you got me Ooh
Oo yeah
Ooh

You got me I'll be the one to lead you home
I'll be the one to keep you warm
I'll take you way out of the storms
When you can't stand
I'll stand up for you When the fear takes you down
When the doubt takes you under
You're not in this alone
You got me
Ooh
Oo yeah
Ooh
You got me
Ooh
Oo yeah
Ooh

You got me I'll be the one to lead you home
I'll be the one to keep you warm
I'll take you way out of the storms
When you can't stand
I'll stand up for you
