

Blue Rose

Amen Dunes

I've got money because I work all day
Don't get down a mile away
When evening comes
I go call up the band We play religious music
Don't think you'd understand, man
Well hear me call
I was ignorant I'm the baddest, stoniest thing in town
Give me eighteen days
They speak another tongue
Well they left me there
But the dead man had no fun
Should stop my father
Yeah love came over me
Dear, dear, If you love war
Then you've got war with me They looked at me straight
And told me I'm in town
Now, now
Feel good son Deep deep down
You'd stick around
For love
Son, I need you back now Feel my god
I can hardly change
If you don't have [?]
You told me not to brag
But I said he gave me
He left me there
Fill me up when I'm down Dear, he loved my father
Yeah love came over me
Dear, if you want war
Then you've got war in me Well, I was brought up
And we were told things
Never to tell
Beaten down, stop
They don't know kid coming down
But I have no way out of heaven Not now, not now They said that I should move on from here
Combed out my hair and started out
And my dreams took half a drag
Yeah I can't catch a break Said you weren't much a man to me
But you're the only one I've ever had
