Thank You (feat. R. City)

Meghan Trainor

When no one was there, you was there for me When nobody cared, you still cared for me

If everyone leave you, be here with me

I hope that you're hearing me

Rock CityYou keep me humble, keep me focused everyday

You know how to put a smile on my face

When I think about you, all my worries fade

You say you'll love 'til forever and that'll never changeOh-oh, I hear your words Oh-oh, they don't go unnoticed

Oh-oh, I feel your loveYou know without you I got nothing, I got nothing

Without you I got nothing, I got nothing

But if I are loyal, you know I adore you

Without you I got nothing, I got nothing

So I wanna, I wanna thank you

I wanna, I wanna thank you

I wanna, I wanna, I wanna thank you

Oh, oh, heyNo one knows how to love me like you do

I could bring your dream to life, oh, all because of you

You help me when I'm feeling low

You let me know I'm not alone

You say you'll love me 'til forever, so I'mma love you, tooOh-oh, I hear your words

Oh-oh, they don't go unnoticed

Oh-oh, I feel your loveYou know without you I got nothing, I got nothing

Without you I got nothing, I got nothing

But if I are loyal, you know I adore you

Without you I got nothing, I got nothing

So I wanna, I wanna, I wanna thank you

I wanna, I wanna thank you

I wanna, I wanna, I wanna thank youMe haffa thank you the times you stick around and

All the times you held me back and held me down and

Pick me up from off the floor and off the ground and

Keep it much more than 100, you 1, 000

You more than me lover, ah, you more than me friend

Ah you number 1 and we just can't pretend

Tell 'em I ready, but hear me again

You me defendOh-oh, I hear your words

Oh-oh, they don't go unnoticed

Oh-oh, I feel your loveYou know without you I got nothing, I got nothing

Without you I got nothing, I got nothing

But if I are loyal, you know I adore you

Without you I got nothing, I got nothingSo I wanna, I wanna, I wanna, I wanna, I wanna, I wanna thank you
