

# New Me

## Ella Eyre

Ella Eyre here, it's a new me  
Didn't have time when you knew me  
Why you tryna call like booty, oh, yeah, yeah  
Take a step back and 180  
I could play you like you played me (Yeah)  
I really don't care for it lately, though, yeah, yeah  
You need to change your story, bae  
Tell me you want to talk  
It's not what you came here for  
This heart is ghost, that girl you know  
Don't live behind that door  
Anymore, nah  
Ella ain't here, it's a new me  
I don't make time for your foolin'  
Kinda got things to be doin', oh  
It's a new-new me, it's a new me  
Ella ain't here for your problems (What?)  
Left-right-left, keep on walkin'  
Shoulda took care of your diamonds, oh  
It's a new-new me, it's a new me  
Got a new phone, got a new key  
Got my girlfriends and the new weed  
And I don't do what I used to  
When you call me tryna come through  
Cause Ella ain't here, it's a new me  
I don't make time for your foolin'  
Kinda got things to be doin', oh  
It's a new-new me, it's a new-new me  
Why do you think you can come here?  
Not a door-mat, it's your assumptions (No)  
Never did care what I wanted, oh, ah  
Lemme just say you're a killjoy  
Lovin' the sound of your own voice  
Think you talk smart but it's just noise, oh oh yeah  
You need to change you story, bae  
Tell me you want to talk  
It's not what you came here for  
This heart is ghost, that girl you know  
Don't live behind that door  
Anymore, nah  
Ella ain't here, it's a new me (New me)  
I don't make time for your foolin'  
Kinda got things to be doin', oh  
It's a new-new me, it's a new me  
Ella ain't here for your problems (What?)  
Left-right-left, keep on walkin' (Walkin')  
Shoulda took care of your diamonds, oh  
It's a new-new me, it's a new me  
Got a new phone, got a new key  
Got my girlfriends and the new weed

And I don't do what I used to  
When you call me tryna come through 'Cause Ella ain't here, it's a new me (New me)  
I don't make time for your foolin'  
Kinda got things to be doin', oh  
It's a new-new me, it's a new me Not now, never  
Not now, never  
Not now, never  
No, never, no  
Not now, never  
Not now, never  
Not now, never  
Not now, never  
No, never, no Not now, never  
Not now, never  
Not now, never  
No, never, no  
Not now, never  
Not now, never  
Not now, never  
No, never, no Ella ain't here, it's a new me  
I don't make time for your foolin'  
Kinda got things to be doin', oh  
It's a new-new me, it's a new me  
Ella ain't here for your problems  
Left-right-left, keep on walkin'  
Shoulda took care of your diamonds, oh  
It's a new-new me, it's a new me Got a new phone, got a new key  
Got my girlfriends and the new weed  
Glad I don't do what I used to  
When you call me tryna come through 'Cause Ella ain't here, it's a new me  
I don't make time for your foolin'  
Kinda got things to be doin', oh  
It's a new-new me, it's a new-new me
