

# Till I Was Loved by You

Chely Wright

(Writers: Alan Jackson/Mark Irwin)I tried my hand at the game enough

But I ain't lucky when it comes to love

I want it all but I never wanna wait

You ain't like the ones I've known before

You stir up feelings that I can't ignore

This heart of mine finally understands.Chorus:

And baby, I've been held and I've been tied down

I've been wrapped and I've been unwound

I've been kissed oh

But I ain't never been loved

Till I was loved by you.

Now people told me that I was wrong

But I knew love was a sweeter song

I kept waiting for the perfect melody

Now in your arms it's plain as day

Knowing you was worth the wait

Come say you'll never give up on me.Chorus:

And baby, I've been held and I've been tied down

I've been wrapped and I've been unwound

I've been kissed oh

But I ain't never been loved

Till I was loved by you.

Chorus:

And baby, I've been held and I've been tied down

I've been wrapped and I've been unwound

I've been kissed oh

But I ain't never been loved

Till I was loved by you.Till I was loved by you.

Till I was loved by you.

Till I was loved by you...
