

Crash

Methods of Mayhem

(HERE'S SOME MUSIC TO CRASH YOUR CAR TO!) Ain't no use, it's too fast to undo

Crash... Crash

60 shots of Jack and I feel you

Equilibrium's off and it's pure pandemonium [Chorus:]

We're goin' too fast!

We're goin' too fast!

Ain't no way that this is ever gonna last

We're goin' too fast!

We're gonna crash!

I'm just a wreck so what the hell did you expect?

Cockeyed joyride swervin' between the lines

Rearview mirror making me lose my mind

All liquored up and he's back behind the wheel again

Got no idea where he's goin' or where he's been We're goin' too fast!

We're goin' too fast!

Ain't no way that this is ever gonna last

We're goin' too fast!

We're gonna crash!

I'd push my luck, so what I just don't give a fuck Going too fast... Going too fast... Going too fast... Going too fast

The sun's coming up

As you start to feel you're coming down

Goddamn give me hope

So I can kiss the ground! [Repeat Chorus]
