DEAL

Miguel

Love me, love me for profit, I can make you go down
I can show you the money if you wanna know how
When you're ready, come and get me, I'm on Capitol Hill
Before I show you the money, let me spot you the billWant money? Got clout

Need bitches, need bitches Give it to me

Want money? Got clout

Need bitches, need bitches

Give it to me

Give it to me

Give it to me

Give it to me

Give it to me, give it to me

No one's paying attention now, they just wanna dance
You could be holdin' the future in the palm of your hands
So when you're ready, come and get me, I'm on Capitol Hill
Before I show you the money, let me spot you the billWant money? Got clout

Need bitches, need bitches

Give it to me

Want money? Got clout

Need bitches, need bitches

Give it to me

Give it to me

Give it to me

Give it to me

Give it to me, give it to me

Gotta do it all the same

Give it to me, give it to me

All we need is clout

All we need is money

Gotta play the game

We can take it all the wayWant money? Got clout

Need bitches, need bitches

Give it to me

Want money? I got clout

Need bitches, need bitches

Give it to me

Give it to me

Give it to me

Give it to me

Give it to meTalk about love

When I'm in control

Give it to me
Give it to me
Give it to me
