Annihilation By the Hands of God

Roadrunner United

The prophets of God have left you solaced indeed A zombie of Jesus insane with his belief

Is all that you know

And all you take as you go

You're one with the rich and only take from the poorNailed to the cross by your hands and your

Your washed up religion is now worthless and weak
Tenacious conviction has caught up with your soul
There's no place for mercy in the myths of your lordLittle lamb of sacrifice

Full of Bible hymns

Hiding in the house of God

From his suffering

Pray the son will come and call just to make us dead

Bring upon the end of times...worship if you dare

Wiping out masses just for shits and a grin

Is all an illusion of the spell that you're in

Religious confliction has impaired your control

In his resurrection

Revelations unfoldHe is you the sacrifice

In the house of bless

Crucify yourself to death just to get to him

Die

Will youAnnihilation by the hands of God

Mutilate me

Annihilation by the hands of God

Unforgiving

Annihilation by the hands of God

Christ ill willing

Annihilation by the hands of God

Heaven hates you

When it's time

I won't look back

Heaven's gates under attackSatanLittle lamb of sacrifice
