

Worship You

Vampire Weekend

Only in the way you want it
Only on the day you want it
Only with the understanding
Every single day you want it
Only in the way you want it
Only on the day you want it
Only with the understanding
Every single day you want it
You, you
City with the weight upon it
City in the way you want it
City with the safety of a never-ending blessing on it
City with the weight upon it
City in the way you want it
City with the safety of a never-ending blessing on it
You, you
We worshipped you,
Your red right hand
Won't we see you once again?
In foreign soil, in foreign land,
Who will guide us through the end?
Calling on a change, we want it
Calling on the same, we want it
Calling for the misery to always be explained
Calling on a change, we want it
Calling on the same, we want it
Calling for the misery to always be explained
You, you
Energetic praise you wanted
Any kind of praise you wanted
Little bit of light to get us through the final days
Energetic praise you wanted
Any kind of praise you wanted
Little bit of light to get us through the final days
You, too
We worshipped you,
Your red right hand
Won't we see you once again?
In foreign soil, in foreign land,
Who will guide us through the end?
We worshipped you,
Your red right hand
Won't we see you once again?
In foreign soil, in foreign land,
Who will guide us through the end?
