

# Otherside (feat. Nevve) [Moti Remix]

## Elephante

I woke up in a dream  
Felt my heart beating faster  
Was it more than it seemed  
Or just another disaster?Mountaintops came crashing down, crashing down  
Prison walls started fading out  
I'm holding on to your memory, memory  
Till the day you come back to meSo take me out of this place  
I'm just a heartbeat away  
I feel you shining from the otherside, otherside  
Under the darkest sky  
I'll find my way to you  
I'll find a way from worlds away  
Call out your name  
I'll find my way to you  
I'll find a way from worlds away  
Call out your name  
I'll find my way to youYou were my reverie  
When the world was a whisper  
We were young and naive  
But our hearts wouldn't listen, noMountaintops came crashing down, crashing down  
Prison walls started fading out  
I'm holding on to your memory, memory  
Till the day you come back to meSo take me out of this place  
I'm just a heartbeat away  
I feel you shining from the otherside, otherside  
Under the darkest sky  
So take me out of this place (so take me out of this place)  
I'm just a heartbeat away (I'm just a heartbeat away)  
I feel you shining from the otherside, otherside  
Under the darkest sky  
I'll find my way to youI'll find a way from worlds away  
Call out your name  
I'll find my way to you  
I'll find a way from worlds away  
Call out your name  
I'll find my way to you  
I'll find a way from worlds away  
Call out your nameSo take me out of this place  
I'm just a heartbeat away  
I feel you shining from the otherside, otherside  
Under the darkest sky  
I'll find my way to you
