

Louder

Charice

I'm staring out of my window
And the rain is pouring down
When you left I was so low
But I'm not gonna drown
I don't need no shoulder
I'm gonna be a soldier
I just wanna feel something
I don't understand
I'm just gonna run right through the rain
I'm just gonna dance right through the pain
I just wanna feel that rhythm, feel that drum
Let my heart beat louder
Let my heart speak louder than my head
Head, head, head
Heart beat louder than my head
Head, head, head
Heart speak louder
Wanna feel that rhythm, feel that drum
Let my heart beat louder
Let my heart speak louder than my head
I, I am over, over thinking
Of how to get you back
I'm checking out for the weekend
And I ain't going back
I don't need no shoulder
I'm gonna be a soldier
I just wanna feel something I don't understand
I'm just gonna run right through the rain
I'm just gonna dance right through the pain
I just wanna feel that rhythm, feel that drum
Let my heart beat louder
Let my heart speak louder than my head
Head, head, head
Heart beat louder than my head
Head, head, head
Heart speak louder
Wanna feel that rhythm, feel that drum
Let my heart beat louder Let my heart speak louder than my head
Oh, letting go
Yet it feel so good, so right
Oh, all I know is that
I let my heart beat, heart speak louder than my, louder than my

Heart beat, heart speak louder than my, louder than my
Louder, louder, louder, louder
I'm just gonna run right through the rain
I just gonna dance right through the pain
I just wanna feel that rhythm, feel that drum
Let my heart beat louder
Let my heart speak louder than my head
Head, head, head
Heart beat louder than my head
Head, head, head
Heart speak louder
wanna feel that rhythm, feel that drum
Let my heart beat louder
Let my heart speak louder than my head.
