

# Who I Am

## Lil Xan

Xans don't make me what I am  
Xans gon' mess up all my friends  
Fans go nuts when we jump in  
Xans don't make me who I am  
Xans don't make me what I am Whippin, whippin  
The foreign just so vicious  
Listen, listen  
These hoes just want your mention  
Trippin', trippin'  
On all the stupid issues  
Tissues, tissues  
I swear that I don't miss you  
Guns don't shine when you're not by  
The only friend I have is time  
The only friend I had just died  
Xans don't make me what I am  
Xans gon' mess up all my friends  
Fans go nuts when we jump in  
These Xans don't make me who I am Yeah September be the best month  
That's the month I came from  
April be the worst month  
That's the month my heart broke  
That's the time my life froze  
Life needed a life source  
That's the time my heart broke  
That's the time my life broke  
Darkest cause my darkest days  
Please just give me one more day  
Promise Imma make it last  
Hope it just don't fly right past  
Out here fuckin bitches though like  
Who are you? who are you?  
Hate the way that word just measured by our views  
Rollie pollie ollie  
Dunkin bitches like N'm kobe  
Need a boost, I need my script yeah  
Never leave the crib yeah  
Imma gang bang on your bitch  
She gon' call you up and say she late yeah  
Cause she rode my face yeah  
Roll it thats the snake eyes  
Lame hoes catch the fade right

Imma make it right quick  
Imma fight a dyke bitch  
Imma catch this flight bitch  
Delta can just suck my dick  
Pigtails are the cutest things  
Little Xan like finer things  
Love my girl she ridin' things  
'Cedes whip, I'm whippin past  
Do 150 on the dash  
Kill it like it's nothin bruh  
You stay in a Acura  
Why you out here actin up?  
Suck me like you Dracula  
Fuck it I don't give a fuck  
Sluts always get up for-Xans don't make me what I am  
Xans gon' mess up all my friends  
Fans go nuts when we jump in  
Xans don't make me who I am  
Xans don't make me what I am  
Xans don't make me what I am  
Xans gon' mess up all my friends  
Fans go nuts when we jump in  
Xans don't make me who I am
