Good Goodbye (feat. Pusha T & Stormzy)

LINKIN PARK

So say goodbye and hit the road Pack it up and disappear You better have some place to go 'Cause you can't come back around here Good goodbye (Don't you come back no more)Live from the rhythm, it's Something wild, venomous Enemies trying to read me You're all looking highly illiterate Blindly forgetting if I'm in the mix You won't find an equivalent I've been here killing it Longer than you've been alive, you idiot And it makes you so mad Somebody else could be stepping in front of you And it makes you so mad that you're not the only one There's more than one of you And you can't understand the fact That it's over and done, hope you had fun You've got a lot to discuss on the bus Headed back where you're from So say goodbye and hit the road Pack it up and disappear You better have some place to go 'Cause you can't come back around here Good goodbye Good goodbye

Good goodbye
Good goodbyeGoodbye, good riddance
A period is after every sentence
Did my time with my cellmate
Maxed out so now we finished
Every day was like a hail date
Every night was like a hailstorm
Took her back to my tinted windows
Showin' out, she in rare form
Wings up, now I'm airborne
King Push, they got a chair for him
Make way for the new queen
The old lineup, where they cheer for 'em
Consequence when you ain't there for him

Good goodbye

Were you there for him? Did you care for him?

You were dead wrong

(Don't you come back no more)

So say goodbye and hit the road

Pack it up and disappear

You better have some place to go

'Cause you can't come back around here

Good goodbye

Good goodbye

(Don't you come back no more)

Good goodbye

Good goodbye

(Don't you come back no more)Yo

Let me say goodbye to my demons

Let me say goodbye to my past life

Let me say goodbye to the darkness

Tell 'em that I'd rather be here in the starlight Tell 'em that I'd rather be here where they love me

Tell 'em that I'm yours this is our life

And I still keep raising the bar like

Never seen a young black brother in the chart twice

Goodbye to the stereotypes

You can't tell my kings we can't

Mandem we're linking tings in parks

Now I gotta tune with Linkin Park

Like goodbye to my old hoe's

Goodbye to the cold roads

I can't die for my postcode

Young little Mike from the Gold Coast

And now I'm inside with my bro bro's

GangSo say goodbye and hit the road

Pack it up and disappear

You better have some place to go

'Cause you can't come back around here

Good goodbye

Good goodbye

(Don't you come back no more)

Good goodbye

Good goodbye

(Don't you come back no more)
