

Hold Her Closer

Blessid Union Of Souls

When you see love
And you don't know what it is
You might find yourself in fear
To show your heart
When you feel it
And it's oh so wonderful
And You might find yourself
In fear to let it part
In fear to let it part So hold her closer when she cries
And hold her closer when
She feels she needs a hand to hold
Someone who'll never let her go again
And hold him closer when he tries
To hold the tears back from his eyes
And Say good-bye, say good-bye
When your heart decides
That it's time to let it through
There's no reason
To be scared to open up
Love may be blind
But all of us don't see it.
So just once in your life
If you hear the knock of love,
Just let it in To hold her closer when she cries
And hold her closer when
You know it's time to say good-bye
Hurry back to see her smile again
And hold him closer when he's down
When his world is upside down
Turn it around, Turn it around
So hold her closer when she cries
And hold her closer whe
She feels she needs a hand to hold
Someone who'll never let her go again
Hold her closer when she's down
When the world is upside down
Turn it around, and hold her close.
