

Just a Little Bit

Destra

Queen ah bacchanal, Destra come again. YEAH.
A little jooking, a little wukking, a little jamming.
We having a ball.

When bam bam rolling and waist line turning just give me something

Boy don't stop at all

You sexy and yuh getting on, oooooohh

You looking rude

I love the way you turn it on, oooooooh

You putting me in di mood.

If you don't tell yuh girlfriend and I don't tell my boyfriend we don't have to pretend at all.

Ain't nuttin wrong with wining, a little dirty dancing. Right now it's perfect timing.

Back up on di wall!

Just a little bit, Just a little bit, Just a little bit ah wine, nutting wrong wid it

Just a little bit, Just a little bit, Just a little bit ah grind, I could handle it.

A little jooking, a little wukking, a little jamming.

We having a ball.

When bam bam rolling and waist line turning just give me something

Boy don't stop at all.

I feel like I could give you all

When you whine like that

Like I don't want to stop at all

Ah whining back

But you done have a girlfriend and I don't have a boyfriend

And dis is just a ting dats all, yeah

But I like how you climb it

You take your time and ride it

Is trouble, you go find it

Don't hold back at all.

Just a little bit, Just a little bit, Just a little bit ah wine, nutting wrong wid it

Just a little bit, Just a little bit, Just a little bit ah grind, I could handle it.

A little jooking, a little wukking, a little jamming.

We having a ball.

When bam bam rolling and waist line turning just give me something

Boy don't stop at all.

Just a little bit, Just a little bit, Just a little bit ah wine, nutting wrong wid it

Just a little bit, Just a little bit, Just a little bit ah grind, I could handle it.

Hol' on tighter, jam me harder

Work it just like that

And don't stop whining

Is plenty jamming

Nar play round with dat

If you don't tell your girlfriend and I don't tell my boyfriend

We don't have to pretend at all
Ain't nothing wrong with whining, a little dirty dancing, right now it's perfect timing.
Back up on di wall.
Just a little bit, Just a little bit, Just a little bit ah wine, nutting wrong wid it
Just a little bit, Just a little bit, Just a little bit ah grind, I could handle it.
A little jooking, a little wukking, a little jamming.
We having a ball.
When bam bam rolling and waist line turning just give me something
Boy don't stop at all.
A little bit
A little bit
I doh care what you do, I could handle it.
Just a little bit
Just a little bit
I telling yuh, I could handle it.
