

Kozmic Blues

Janis Joplin

Time keeps movin' on
Friends they turn away
I keep movin' on
But I never find out why
I keep pushing so hard the dream
I keep tryin' to make it right
Through another lonely day, whoa Dawn has come at last
Twenty-five years, honey, just in one night, oh yeah
Well, I'm twenty-five years older now
So I know we can't be right
And I'm no better, baby
But I can't help you no more
Than I did when just a girl
Aww, but it don't make no difference, baby, no, no
And I know that I could always try
It don't make no difference, babe, yeah
I better hold it now
I better need it, yeah I better use it 'til the day I die, whoa Don't expect any answers, dear
For I know that they don't come with age, no, no
Well, ain't never gonna love you any better, babe And they're never gonna love you right
So you'd better take it now, right now, oh
But it don't make no difference, babe, hey
And I know that I could always try
Well, there's a fire inside everyone of us
You'd better need it now
I get to hold it, yeah
I better use it 'til the day I die
Don't make no difference, babe, no no no
And it never ever will, eh
I wanna talk about a little bit of a-lovin', yeah
I got to hold it, baby I'm gonna need it now
I'm gonna use it, say, aaaah
Don't make no difference, babe, yeah
Ah honey, I hate to be the one
I said you gonna live your life
And you gonna love your life
Or babe, someday you're gonna have to cry Yes indeed, yes indeed, yes indeed
Ah, baby, yes indeed
I said you, you're always gonna hurt me
I said you're always gonna let me down
I said everywhere, every day, every day
And every way, every way

Ah honey, won't you hold on to what's gonna move I said it's gonna disappear when you turn
your back
I said you know it ain't gonna be there
When you wanna reach out and grab on
Whoa babe
Whoa babe
Whoa babe
Oh, but keep truckin' on
Whoa yeah
Whoa yeah
Whoa yeah
Whoa
Whoa
Whoa
Whoa
Whoa
