

And I was crawlin' around
In the mad
Tekkno Scene
And I was crawlin' around
In the mad
Tekkno Scene Said like a busy bee
From bumbalee
Will suck
This juice
Hunter dragon jump up
And they fill the youth
Youth, they are drippin' from the clubs
They are!
Drippin' after Drippin'
Damn you liquid linga yalKakashi Sensei is what them all would have to
If not me then violent type of A-K
I'm okay just dont touch my hair
A place called everywhere
Erehwyreve (Everywhere backwards)
1:45 is practice
Survival tactics
Best to defeat it
Dallas Mavericks
They draw through the sell out
Never saw them knocking
I prefer a pumpo
We can get it poppin'
Poppin'
That was for the dancers
Not to everybody
Every person has an answer so when they ask if your cousin with a black person too?
Tell em' fuck you
1, 2, 3, 4, 6, 7 hands up in the air
Skipping 5, 0 'cause nobody really cares
The tekknos thing is a foreign thing
I must be in the past
Bling bling
And I was crawlin' around
In the mad
Tekkno Scene
And I was crawlin' around
In the mad
Tekkno Scene
And I was crawlin' around
In the mad
Tekkno Scene
And I was crawlin' around
In the mad
Tekkno Scene

And I was crawlin' around
In the mad
Tekkno Scene
And I was crawlin' around
In the mad
Tekkno Scene
And I was crawlin' around
In the mad
Tekkno Scene
And I was crawlin' around
In the mad
Tekkno Scene
