

# Outta My System

## Bow Wow

Damn, I mean, I just keep thinkin' about you  
I mean, I wanna move on but I can't move on  
It's like you got some kinda hold on me and, man I don't know  
But I'ma go ahead and talk about it, listen I'm sittin' lookin' out the window like damn  
Tryna fix this situation that's at hand  
You're still runnin' through my mind  
When I'm knowin' that you shouldn't be  
Me all on your mind and I'm knowin' that it couldn't be 'Cause you ain't called and I ain't even  
appalled  
I still got a lotta pain, I ain't dealt wit it all  
I been runnin' 'round with other chicks, I'm single and they lovin' it  
I'm likin' it but I just want the one that I was in love with  
That's not the end of it, I'm tryna let you go  
I can't get a grip of it is what I'm tryna let you know  
You got a hold or some kinda control of me  
I don't know what it is but I gotta get you gone from me I'm workin' at it and it ain't gettin' no  
better  
Just tryna be like, yeah, forget it, whatever  
Instead of starin' out this glass, lookin' at this bad weather  
Damn, I gotta pull myself together 'cause When I'm with somebody, all I think 'bout is you  
When I'm all alone, that's all I wanna do  
I miss the smilin' faces in my Sidekick, outta town visits  
All the time we spent together  
Makes it hard to get you outta my system And you know what you do to me, do to me  
You don't even understand, damn  
And you know what you do to me, do to me  
It's so hard to get you outta my system  
I'm too attached, my heart won't let me fall back  
I got it bad, that's what you can call that  
And when I see you in the streets, that's the worse for me  
Used to love the little things you did, that's what works for me It's too major, don't see you in  
my pager  
Know what you doin', where you at or can I see you later?  
The fellas tellin' me, "Just let her go, Bow"  
Believe me, I'm tryin', man, I just don't know how I be in all the top spots, leavin' with the hot  
shots  
Knowin' they just want me 'cause I'm in the top spot  
That's not poppin' and my brain ain't stoppin'  
Thinkin' who she with or where she goin', is she club hoppin'? I never had this kind of problem  
in my life  
This is my first time dealin' with this kind of fight  
It's every night and every flight and every time you in my sight

Damn, this ain't even right 'cause  
When I'm with somebody, all I think 'bout is you  
When I'm all alone, that's all I wanna do  
I miss the smilin' faces in my Sidekick, outta town visits  
All the time we spent together  
Makes it hard to get you outta my system  
And you know what you do to me, do to me  
You don't even understand, damn  
And you know what you do to me, do to me  
It's so hard to get you outta my system  
Is it wrong for me to feel this way?  
You been runnin' through my mind all day, can you feel me?  
I been tryna get you off my mind  
But I can't after all this time, that's what kills me  
Is it wrong for me to feel this way?  
You been runnin' through my mind all day, can you feel me?  
I been tryna get you off my mind  
But I can't after all this time and it kills me  
When I'm with somebody, all I think 'bout is you  
When I'm all alone, that's all I wanna do  
I miss the smilin' faces in my Sidekick, outta town visits  
All the time we spent together  
Makes it hard to get you outta my system  
And you know what you do to me, do to me  
You don't even understand, damn  
And you know what you do to me, do to me  
It's so hard to get you outta my system  
I remember everything that me and you talked about  
Me and you had our whole life planned out together  
And if I could, I would turn back the hands of time  
And correct all my mistakes that I ever did  
But now I guess I gotta move on, right?  
It's still hard and I still love you to this day  
Peace
