

Holding On (feat. Josef Salvat & Niia)

Tourist

Holding on
Holding on Hotter than the sun, burning me deep
Saying your name leaves me weak
Boy, I need you
Ghost
Standing in the dark, half in love
With all I need, but it's not enough
You won't leave
Ghost
Cause I'm still holding onto your body
Still holding onto your body
I've found another man but
You keep haunting me
And I'm still holding onto your body
Still holding onto your body
Whenever I open my eyes
It's you I want to see Staring back at me, staring back at me
Whenever I open my eyes, it's you that I want to see
Holding onto my body, holding onto my body
I've found another girl but you keep haunting me
I'm holding onto us
I'm holding onto us
I'm still connected to our love
Nothing will ever be enough
You've got me holding onto us
You've got me holding onto us
I'm still connected to our love
Nothing will ever be enough Nothing feels the same, since I found you
Everything changed, my heart got moved
Now I'm so far
From home
Standing in the dark, half in love
With all I need, it's not enough
You won't leave
My ghost Cause I'm still holding onto your body
Still holding onto your body
I've found another girl but
You keep haunting me
And I'm still holding onto your body
Still holding onto your body
Whenever I open my eyes
It's you I want to see You've got me holding onto us

You've got me holding onto us
I'm still connected to our love
Nothing will ever be enough
You've got me holding onto us
You've got me holding onto us
I'm still connected to our love
Nothing will ever be enough I'm holding onto us
I'm holding onto us
I'm still connected to our love
Nothing will ever be enough
Holding onto us
Holding onto us
Holding onto us
Holding onto us Holding onto us
Holding onto us
Holding onto us
Holding onto us
