

Holding On (feat. Josef Salvat & Niia)

Tourist

Holding on
 Holding on Hotter than the sun, burning me deep
 Saying your name leaves me weak
 Boy, I need you
 Ghost
 Standing in the dark, half in love
 With all I need, but it's not enough
 You won't leave
 Ghost
 Cause I'm still holding onto your body
 Still holding onto your body
 I've found another man but
 You keep haunting me
 And I'm still holding onto your body
 Still holding onto your body
 Whenever I open my eyes
 It's you I want to see Staring back at me, staring back at me
 Whenever I open my eyes, it's you that I want to see
 Holding onto my body, holding onto my body
 I've found another girl but you keep haunting me
 I'm holding onto us
 I'm holding onto us
 I'm still connected to our love
 Nothing will ever be enough
 You've got me holding onto us
 You've got me holding onto us
 I'm still connected to our love
 Nothing will ever be enough Nothing feels the same, since I found you
 Everything changed, my heart got moved
 Now I'm so far
 From home
 Standing in the dark, half in love
 With all I need, it's not enough
 You won't leave
 My ghost Cause I'm still holding onto your body
 Still holding onto your body
 I've found another girl but
 You keep haunting me
 And I'm still holding onto your body
 Still holding onto your body
 Whenever I open my eyes
 It's you I want to see You've got me holding onto us

You've got me holding onto us
I'm still connected to our love
Nothing will ever be enough
You've got me holding onto us
You've got me holding onto us
I'm still connected to our love
Nothing will ever be enough I'm holding onto us
I'm holding onto us
I'm still connected to our love
Nothing will ever be enough
Holding onto us
Holding onto us
Holding onto us
Holding onto us Holding onto us
Holding onto us
Holding onto us
Holding onto us
