

Metal

Gary Numan

We're in the building where they make us grow
And I'm frightened by the liquid engineers
Like you My Mallory heart is sure to fail
I could crawl around the floor just like I'm real
Like you The sound of metal
I want to be you
I should learn to be a man
Like you
Plug me in
And turn me on
Oh, everything is moving I need my treatment it's tomorrow they send me
Singing I am an American
Do you? Picture this, if I could make the change
I'd love to pull the wires from the wall
Did you?
And who are you
And how can I try
Here inside I like metal
Don't you All I know
Is no one dies
I'm still confusing love with need
