

Lorelei (Remix)

Tom Tom Club

Lorelei
Maybe you like a little melody
It's not the words that move me Lorelei Lorelei Lorelei
Maybe you like a lullaby
Now I can't remember why Lorelei Lorelei Lorelei
Intuition's leading us where
I don't know yet Lorelei Lorelei
Something's happening
Hard to place it
Hard to hide it
Lorelei Lorelei
What is happening
I'm not sure
I guess you know it Lorelei Lorelei Deep in the jungle of thought
There comes a clearing
And in the clearing
There is a pool The pool is deep
The water cool
This is the thought
The thought is you Lorelei Lorelei Lorelei Intuition's leading us where
I don't know yet
Lorelei Lorelei
Something's happening
Hard to place it
Hard to hide it Lorelei Lorelei
What is happening
I'm not sure
I guess you know it Lorelei Lorelei
Lorelei Lorelei
Lorelei Lorelei Across the wasted plain
Across the twisted dunes
Beyond the colored lights
The mountain looms The air is thin
The door within
The sea of light
The light is you Lorelei Lorelei Lorelei ...
