

Campus Kingpin (Feat. Pusha T)

Chester French & Clinton Sparks

Here I am, here I am,
Its the on campus kingpin, yes I am
Being broke in school aint really the plan
You sell a little this, I can make you the man
And even ya man, believe in them grams
Money make a bitch fuck a geek on command
Yeah, see that sounds good right?
I know you smucks just want a piece of the good life
Start your little band, cardigans with your good nikes
But let me tutor you on how to get your math right
You see the law students like to play with they nose
And with the frat boys I hear anything goes
Spot the psych major by the weed that he blows
And you save all the ex for them cheerleader hoes
Hey, you got that Maxine?
And D.A. That name don't fit on this team
District attorney or dumb ass
Any way you add up all up it equals to no caaash...
