## The Lonely Island

(\*Samberg, Schaffer, Taccone, Matthew Compton)Wellllll he was the Sax Man from the state  
of Tennessee\*

First set in with the band at the ripe old age of three - we told  
And when he blew into that horn all the people gathered 'round  
Club manager jumped right up and said "Boy I gotta have that sound!"  
Scream "Hallelujah Lord!", I said the Sax Man's got my soul  
Everybody gotta move their feet, when the Sax Man started to blow  
Now blow it Sax Man!{\*Farting saxophone Sounds\*}

Mmmmm'kay he's a little shy, but his genius cannot hide  
Cause when the Sax Man starts to win he gonna take you on a ride  
Take it Sax Man!{\*2 Saxophone Notes\*}Ow! Take it Sax Man!

Okay he'll be right with you folks!All right, Sax Man, that's my fault, I put you on the spot
