

In a Major Way (feat. Payroll Giovanni)

Jeezy

Multi-millionaire bitch I'm straight from the hood
Sucka niggas hating on me but it's all good
Your boy just hit my phone said he want a half
Told him thirteen-five
you bitches you do the math
Bought a white Corvette with the residue
Went through a hundred thou fiscal, I'm counting
revenue
Now when my partner walked in like "what's that?"
Let's get money my nigga time to bounce back
Real niggas getting cash in a major way
Lotta horses and it's fast in a major way
Bought the iced out Rollie in a major way
All bright looking holy in a major way
Boss nigga boss shit in a major way
Fall nigga floss shit in a major way
Still do it for our town in a major way
Move that white and that brown in a major way
Real niggas getting real shit
And if you 'bout that floss shit,
get locked bitch Just know that I was hands
on,
I paid dues took this all in my stride, I made moves
You know who I am boy?
The living legend
Ever since I hit the boulevard in that 911 You
ain't got to take my word,
you can ask Lil Zay Fit
the family with them birds you don't believe me you can ask Lil
Jay Niggas talking like they big,
but guess who's bigger Niggas talking like they real,
but guess who's realer Fuck the hating motherfuckers see I came up
out the gutter
And I've been on my grind since I came out my mother
Bad bitch on my line I told her she gotta wait
Cause me and my money on a motherfucking date
Got a trick up on the spot,
know I got at least a million there Tell you 'bout the time I made
these niggas millionaires In a major way
Real niggas getting cash in a major way
Lotta horses and it's fast in a major way
Bought the iced out Rollie in a major way All
bright looking holy in a major way Boss nigga boss shit in a major
way nigga floss shit in a major way
Still do it for our town in a
major way Move that white and that

brown in a major way Balling in a major way,
day to day On a paper chase, no cell phones,
it's only face to face 30 for the Rollie
just because it shows the day and date
Outside the club killers with me with their favorite K
Damn that cool sexy that's what ladies say
Vette white Mercedes gray
Pockets full of cash on my latest play
I've been getting money like
I'm touring heavy state to state
Used to chop every last gram until I
scrape the plate Four niggas looking like we signed to major labels
Dining at Katanas
twelve phones on the table
Buncha horses parked outside, the lot a stable
If you know us then you know this shit is not a fable What you see is diamond chains on
everybody's neck,
everybody flexing
Hit the club and everybody sweat and everybody's
stressed
Niggas talking big shit boy go do better What you copping
man we pass that out at spot, this forever Real niggas getting cash in a major way
Lotta horses and it's fast in a major way
Bought the iced out Rollie in a major way
All bright looking holy in a major way
Boss nigga boss shit in a major
way
My nigga floss shit in a major way
Still do it for our town in a major way
Move that white and that brown in a major way
