

# Broke

## Kye Kye

I broke in the silence  
to repeat what I've done in the past won't change me  
I broke when you told me  
I could try all the time  
but my ways won't change me We tried this, but we failed  
we know this but we're too blind to see  
that there is freedom within me ( .  
your life brought light for all to see  
When I was lost so I, so I thought  
that I was searching all alone  
like I was lost so I didn't know  
what I was keeping all along I knew from the moment my mistakes all stood out  
your light's my only safety  
oh all the times that I didn't look your way  
look what I was missing lord you fill in every space  
that I replaced instead of you We tried this, but we failed  
we know this but we're too blind to see  
that there is freedom within me  
your life brought light for all to see  
When I was lost so I, so I thought  
that I was searching all alone  
like I was lost so I didn't know  
what I was keeping all along Revived us, we will sing  
restored us, you are the source to breath  
ignite us to a need to bury everything I never want to be
