

I Dreamt We Spoke Again (Louis the Child Remix)

Death Cab for Cutie

[Verse 1]

I dreamt we spoke, I dreamt we spoke again
It had been so long, it had been so long
My mind filled in the blanks
I dreamt we spoke, I dreamt we spoke again
It had been so long, it had been so long
Your voice was like a ghost [Chorus 1]

In my head

In my head [Verse 2]

Only in, yes, only in a dream
Is anything, is anything the way it used to be?
I dreamt we spoke, I dreamt we spoke again
But when I awoke, when I awoke
I could not remember

[Chorus 2]

Anything you said
Anything you said
Anything you said
Anything you said
