

Stiff Kittens (Jnrsnchz Blaqkout Remix)

Blaq Audio

We're all still the same dear
I have owned this life forever
I'll always remain
If it's just the same dear
Why have you left before "forever?"
Yet returned
Again? If you show me heaven
I will meet you there How it breaks their hearts
That we've made an art
Of desecrating our
Sanctuaries
Sanctuaries
We're one and the same dear
You were born for this forever
Forget your restraint
Remnants of a past here
Pass like light through dust as memories
Fall fleeting
Like pain If you show me heaven
I will meet you there How it breaks their hearts
That we've made an art
Of desecrating our
Sanctuaries Sanctuaries
Sanctuaries How it breaks their heart
Desecrate our
Sanctuaries
Desecrate our
Sanctuaries
Desecrate our
Sanctuaries Desecrate...
Our sanctuaries How it breaks their hearts
That we've made an art
Of desecrating our
Sanctuaries How it breaks their hearts
That we've made an art
Of desecrating our Sanctuaries
