Stiff Kittens (Jnrsnchz Blaqkout Remix)

Blaqk Audio

We're all still the same dear
I have owned this life forever
I'll always remain
If it's just the same dear
Why have you left before "forever?"

Yet returned

Again?If you show me heaven I will meet you thereHow it breaks their hearts

That we've made an art

Of desecrating our

Sanctuaries

Sanctuaries

We're one and the same dear

You were born for this forever

Forget your restraint

Remnants of a past here

Pass like light through dust as memories

Fall fleeting

Like painIf you show me heaven I will meet you thereHow it breaks their hearts

That we've made an art

Of desecrating our

Sanctuaries

SanctuariesHow it breaks their heart

Desecrate our

Sanctuaries

Desecrate our

Sanctuaries

Desecrate our

Sanctuaries Desecrate...

Our sanctuariesHow it breaks their hearts

That we've made an art

Of desecrating our

SanctuariesHow it breaks their hearts

That we've made an art

Of desecrating ourSanctuaries
