

# Neu Law

## Theophilus London

Don't lie  
When I'm askin' for the truth, you've got to say it  
Don't tell me when it hurts cause I won't care  
You've got to be [?] for what you owe  
That's the law  
That's the law Stand up  
You've been layin' down next to the office in the hallway  
Don't tell me when you're not on your vacation  
You have no time to even take a shower  
Oh please, please tell me what I'm up against Hey I, I, I  
Hey I  
Hey I, I, shit  
You ain't even know it  
They was waiting for you to tweet out your location  
These satellites [?] to reach you  
Black and blue as the skies is the boy's head  
Oh please, please don't, she's innocent  
That's the law, that's the law
