

C.O.D.

Stevie Ray Vaughan & Double Trouble

I can't stand these blues... They're too much for me
You know special delivery... Return so many line
Ah special delivery... Return too many line
I don't want no credit... Just let me love you 'til I die
You know some will like to argue, every time they take a drink
I don't have time to do either one if our love is on the blink
Put my money on my honey... Cash on delivery
Ah special delivery... Return so many line
You know special delivery return... too many line Don't give me no credit... Just let me love you
'til I die... Yeah
You know some will like to argue, every time they take a drink
I don't have time to do either one when our love is on the blink
Put my money on my honey... Cash on delivery 'Cause I can't stand these blues... They're too
much for me... Oh
Oh listen baby... I need you right now... Can't you come right away
Make it C.O.D... Oh... C.O.D.
