

# C.O.D.

## Stevie Ray Vaughan & Double Trouble

I can't stand these blues... They're too much for me  
You know special delivery... Return so many line  
Ah special delivery... Return too many line  
I don't want no credit... Just let me love you 'til I die  
You know some will like to argue, every time they take a drink  
I don't have time to do either one if our love is on the blink  
Put my money on my honey... Cash on delivery  
Ah special delivery... Return so many line  
You know special delivery return... too many line Don't give me no credit... Just let me love you  
'til I die... Yeah  
You know some will like to argue, every time they take a drink  
I don't have time to do either one when our love is on the blink  
Put my money on my honey... Cash on delivery 'Cause I can't stand these blues... They're too  
much for me... Oh  
Oh listen baby... I need you right now... Can't you come right away  
Make it C.O.D... Oh... C.O.D.
