Tiny Town

David Byrne

It's a tiny town, you can hang around with me It's a tiny town, and everybody knows what you've been doin' So don't you mess around, cuz it's a tiny town Teeny weeny town, tiny town, tiny town And every little town, if you look around Is a tiny town, tiny town, tiny town. Be careful my darling, what you say and do The shit that you make comes right back to youAnd the whole wide world is a tiny town, Full of tiny ideas With each tiny heart pumpin up and down Come be tiny with me Such a tiny town, we have trouble living with each other Someone knock you down and Someone else would like to steal your lover Mmm, it's a tiny town, it's enough to make you lose your mind Mother nature said, she won't play that way so quit your cryingMama still loves you, when you go astray You don't need to push her in her graveIn my tiny mind you are tiny too I'll be tiny tonight For each tiny me there's a tiny you, close your tiny town eyesAnd the birds sweetly singing in the tiny town trees And the animals ask what you're doing, well it's as plain as can beI see your sadness, like birds in the air I see them all flying away In each tiny heart in this tiny world is a tiny desire And each tiny boy and each tiny girl close their tiny town eyes And the whole wide world is a tiny town, full of tiny ideas With our tiny hearts pumpin up and down, come be tiny with me Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
