The Word Alive

I'm not expecting anything
From the ones who couldn't accept me
I've never needed anything
But I [?] for the good in me I won't let them destroy me
They won't bring me to my knees
So [?]
Because eventually
We find ourselves in you
And you will find your hell in me
Woah You don't deserve the [?]
When you [?] that you desert in me
You never feel [?]
[?] deep inside
I won't let them destroy me
They won't bring me to my knees
So [?]
Because eventually
We find ourselves in you
And you will find your hell in me
Woah Everything's meant to be broken
Everything's meant to be broken
So break me
So break me
So break me down
Down
I won't let them destroy me
They won't bring me to my knees
I won't let them destroy me
They won't bring me to my knees
And you will find your hell in me
I won't let them destroy me
They won't bring me to my knees
So [?]
Because eventually
We find ourselves in you
And you will find your hell in me
