

My Friend in the Sky

Switch

LOVE...When I am lonely and feeling down
(You make me feel real good)
Whenever you're around
(It's because I'm happy when you're near life's happy)
You were sent just to make me smile
(He made you especially) He knew what to do
(That's why he sent me you)Because I love you so, oh baby that is why I know
(CHORUS)
I got you from my friend, my friend in the sky
He didn't pass my by, the reason why is love
(The reason why)
Got you from my friend my friend in the sky, he didn't pass me by
The reason why is love...It's joy in knowing that you're for real
(It's joy in spending my life with you)
It's such a thrill
(Cause you'll always be here, I have no reason to fear)
It's plain to me
(He made you especially) He knew just what to do
(That's why he sent me you)Because I love you so, oh baby that is why I know
(CHORUS)
I got you from my friend, my friend in the sky
He didn't pass my by, the reason why is love
(The reason why)
Got you from my friend my friend in the sky, he didn't pass me by
The reason why is love...
