

The Globalist

Muse

You were never truly loved
You have only been betrayed
You were never truly nurtured
By churches or the state
You were left unprotected
To these wild and fragile lands But you can rise up like a God
Arm yourself
You can be strong
You can build a nuclear power
Transform the earth to your desire Free your mind from false beliefs
You can be the commander in chief
You can hide your true motives
To dismantle and destroy
Now you have finally have the code
I have given you the codes
10, 9, 8, 7, 6, 5, 4, 3, 2, 1, Fire There's no country left
To love and cherish
It's gone, it's gone for good
It's you and me babe
Survivors
To hunt and gather memories
Of the great nation we were There's no countries left
To fight and conquer
I think, I destroyed them all.
It's human nature
The greatest hunter
Will survive them all
With no one left to love.
There's no culture left
To love and cherish
It's gone, you know it's gone for good
A trillion memories
Lost in space and time forevermore
I just wanted
I just needed to be loved.
