

Liquid Dreams

O-Town

Posters of love surrounding me, I'm lost in a world of fantasy
Every night she comes to me and gives me all the love I need
Now this hot girl
(Hot)

She's not your average girl
She's a morpharotic dream from a magazine
And she's so fine, designed to blow your mind
She's a dominatrix supermodel beauty queen, ooh
I dream about a girl who's a mix of Destiny's Child
Just a little touch Madonna's wild style
With Janet Jackson's smile, throw in a body like Jennifer's
You've got the star of my liquid dream
(My liquid dream)
Angelina Jolie's lips to kiss in the dark
Underneath Cindy C's beauty mark
When it comes to the test well Tyra's the best
And Salma Hayek brings the rest, oh oh
Now this hot girl
(Hot)

She's not your average girl
She's a morpharotic dream from a magazine
And she's so fine designed to blow your mind
She's a dominatrix supermodel beauty queen, ooh
I dream about a girl who's a mix of Destiny's Child
Just a little touch Madonna's wild style
With Janet Jackson's smile, throw in a body like Jennifer's
(Ooh ooh)
You've got the star of my liquid dream
(My liquid dream)
My liquid dream
Looks ain't everything she's got the sweetest personality
Like Halle B
(Halle B)

My Mama thinks I'm lazy, my friends all think I'm crazy
But in my mind I leave the world behind every night I dream
(Behind every night I dream)

Oh
Liquid dreams, my liquid dreams
(She's my)
(My liquid dreams)
Waterfalls and streams, these liquid dreams
Ohh ohh ohh
I dream about a girl who's a mix of Destiny's Child
(My dreams)

Just a little touch Madonna's wild style
(I dream)
With Janet Jackson's smile
(Janet Jackson's smile, ooh yeah)
Throw in a body like Jennifer's
(Ooh my)
(My liquid dreams)
You've got the star of my liquid dream
(Aah my liquid dreams)
I dream about a girl who's a mix of Destiny's Child
(My dreams)
Just a little touch Madonna's wild style
(My dream)
With Janet Jackson's smile, throw in a body like Jennifer's
(Ooh)
You've got the star of my liquid dream
(You got it, you got my liquid dreams)
I dream about a girl who's a mix of Destiny's Child
Just a little touch Madonna's wild style
With Janet Jackson's smile, throw in a body like Jennifer's
You've got the star of my liquid dream
