

Walking Away

Sick Puppies

You mean everything to me, don't you know
You are the thing that brought me back to life
I put you on a pedestal, you said "I do"
I said "you will now tell me do you wanna keep any of this alive?" alive
Now do you think of me? Didn't I, didn't I love you?
Wasn't I, good enough for you?
You're not walking away, you're not walking away
Don't you wanna keep this alive?
You and I, we should be together
You and I, we're in this forever
You're not getting away, you're not getting away
Where would you be without me, just ask yourself
No one's gonna love you like I do
Look into my eyes and see, I could never let you leave
Now tell me do you wanna keep any of this alive? alive
Now do you think of me? Didn't I, didn't I love you?
Wasn't I, good enough for you?
You're not walking away, you're not walking away
Don't you wanna keep this alive?
You and I, we should be together
You and I, we're in this forever
You're not getting away, you're not getting away Look at you
Why are you so beautiful?
You're my only one
But you make it so hard for me
Just look at what you've done
Didn't I, didn't I love you?
Wasn't I, good enough for you?
You're not walking away, you're not walking away
Don't you wanna keep this alive?
You and I, we should be together
You and I, we're in this forever
You're not getting away, you're not getting away
Don't you wanna keep this alive?
You're not getting away, you're not getting away
Don't you wanna keep this alive?
You're not getting away, you're not getting away
