

# Always

## Kenny Rogers

(Temperton) Always and forever each moment with you  
Is just like a dream to me that somehow can true  
And I know tomorrow will still be the same  
'Cause we've got a life of love that won't ever change. Chorus:  
Everyday, love me your own special way  
Melt all my heart away with a smile  
Take time to tell me you really care  
And we'll share tomorrow together  
Always forever with you.  
(I always love you, forever)  
There'll always be sunshine when I look at you  
It's something I can't explain just the things that you do  
If you get lonely call me and take  
A second to give to me that magic you make. Chorus:  
Everyday, love me your own special way  
Melt all my heart away with a smile  
Take time to tell me you really care  
And we'll share tomorrow together  
Always forever with you.  
(I always love you, forever)  
Chorus:  
Everyday, love me your own special way  
Melt all my heart away with a smile  
Take time to tell me you really care  
And we'll share tomorrow together  
Always forever with you.  
(I always love you, forever)...
