

# Be with You

## Enrique Iglesias

Monday night and I feel so low  
I count the hours but they go so slow  
I know the sound of your voice  
Can save my soul City lights, streets of gold  
Look out my window to the world below  
Moves so fast and it feels so cold  
And I'm all alone (I'm all alone) Don't let me die  
I'm losing my mind  
Baby just give me a sign And now that you're gone  
I just wanna be with you (be with you)  
And I can't go on  
I wanna be with you (be with you)  
Wanna be with you  
I can't sleep and I'm up all night  
Through these tears I try to smile  
I know the touch of your hand  
Can save my life Don't let me down  
Come to me now  
I've got to be with you somehow And now that you're gone  
I just wanna be with you (be with you)  
And I can't go on  
I wanna be with you (be with you)  
Wanna be with you Don't let me down  
Come to me now  
I've got to be with you somehow  
And now that you're gone  
Who am I without you now?  
I can't go on  
I just wanna be with you And now that you're gone  
I just wanna be with you (be with you)  
And I can't go on  
I wanna be with you (be with you) Just wanna be with you  
Just wanna be with you  
Just wanna be with you  
Just wanna be with you
