

# Here It Is (feat. Chris Brown)

## Flo Rida

If you're waiting for the moment, here it is  
If you're aiming for the heart then you can't miss  
You wanna know, where's the love  
Here it is  
Where's the love, where's the love  
Here it is I'm back like Thriller, get up  
Ready for the build up  
Sinner baby I'm no saint  
I'm a stone cold winner,  
Put your money where your mouth is  
They can never break my bank  
But the way you go, go now baby now you've got it  
Turn around, you know that I want it  
There's only really one thing that I gotta know  
Where in the world you're dropping it  
I got the dollars and I'm ready to sponsor it  
I got the guava with the cheese, no laundering  
Collar stain killing my confidence  
Give you that XO freebie  
Let's go, repeat  
Come and get some of this L-O-V-E  
You know what I want, I know you need  
Let me tell you now If you're waiting for the moment, here it is  
If you're aiming for the heart then you can't miss  
You wanna know oh oh oh oh, where's the love  
Here it is  
Where's the love, where's the love  
Here it is  
Hey now I can tell  
You the one I wanted from a mile away  
Ain't nobody looking like you up in here  
Good times written all over your face  
Cause the way you show  
Show me, show out, show me all your talents  
Now, throw me all of balance  
Good girl, I'm a real bad habit  
Ain't no debate I'm heaven sent  
I'm bout to take you to the places you've never been  
Keep you up all night, I'm Letterman  
Sick with it, I'ma bring you the medicine Give you that XO freebie  
Let's go, repeat  
Come and get some of this L-O-V-E

You know what I want, I know you need  
Let me tell you now If you're waiting for the moment, here it is  
If you're aiming for the heart then you can't miss  
You wanna know, where's the love  
Here it is  
Where's the love, where's the love  
Here it is You wanna do it all day  
I give you the Flo and I let you ride it baby  
Good lovin' don't play, give me the show  
I like the way you roll roll roll it  
Keep the party going  
There's really only one thing I gotta know If you're waiting for the moment, here it is  
If you're aiming for the heart then you can't miss  
You wanna know, where's the love  
Here it is If you're waiting for the moment, here it is  
If you're aiming for the heart then you can't miss  
You wanna know, where's the love  
Here it is
