

# Who Am I

Vance Joy

Hold me up to the light  
Tell me if the sun comes shining through  
And I've got this heaviness in my chest  
Since your love came breaking through And I wanna know where it's coming from  
Where is this coming from?  
Where is this coming from?  
And I wanna know what you're running from  
What are you running from? Who am I, who am I  
Without you, without you?  
Who am I, who am I  
Without you, without you?  
Lay my dreams down at your feet  
Baby, watch out where you step  
And there's no need for us  
Knowing all the answers yet And I wanna know what you're running from  
What are you running from?  
What are you running from?  
And I wanna know where it's coming from  
Where is this coming from? Who am I, who am I  
Without you, without you?  
Who am I, who am I  
Without you, without you? You're back for a minute and you're gone  
And I'll never know how close I came  
You're back for a minute and you're gone  
And I'll never know how close  
You're back for a minute and you're gone  
And I'll never know how  
Who am I, who am I  
Without you, without you?  
Who am I, who am I  
Without you, without you?  
Who am I, who am I  
Without you, without you?  
Who am I?
