All In Vain

The Vaccines

Oh, you can't hold a gun to my head No, you can't hold a gun to my head Because baby, I would just refuse Baby, I would just refuseAll in vain, all in vain Well you don't know how I feel and I can't explainOh, you can't hold a gun to my head No, you can't hold a gun to my head Because baby, I would just refuse Baby, I would just refuse All in vain, all in vain When I follow anything that takes my life All in vain, all in vain When I self-destruct for fun and I don't know whyYou might as well admit it, despite how you might see it I'm never gonna waste my time with you I don't know how you're feeling, you know you kinda blew it I'm never gonna waste my time with youOh, you can't hold a gun to my head No, you can't hold a gun to my head Because baby, I would just refuse Baby, I would just refuse All in vain, all in vain When I ate an appetite that I can't refuse All in vain, all in vain Having been there, I would never go again
