

That's So Us

Allie X

Can't do crowds, not our scene
We get anxiety
That's so you, that's so me
That's so us
Wearing black at the beach
Looking pale, feeling chic
That's so you, that's so me
That's so us We think that politics is such a waste of time
We've been a wreck together since 2009
We've seen each other naked, seen each other cry
You make me not wanna die
What I like about you, baby
Is how you annoy me daily
But you still fucking amaze me
That's so us! That's so us!
Yeah, we're both a lot to handle
I'm a Leo, you're a Cancer
We take on the world together
That's so us! That's so us! We make peppermint tea
And watch Space Odyssey
That's so you, that's so me
That's so us
And I sing in the car
While you play air guitar
That's so you, that's so me
That's so us
We think that politics is such a waste of time
We've been a wreck together since 2009
We've seen each other naked, seen each other cry
You make me not wanna die What I like about you baby
Is how you annoy me daily
But you still fucking amaze me
That's so us! That's so us!
Yeah, we're both a lot to handle
I'm a Leo, you're a Cancer
We take on the world together
That's so us! That's so us! Ahhh, ahhh, ahhh
That's so us! That's so us!
Ahhh, ahhh, ahhh
That's so us! That's so us! When I'm sick, when I'm sad
You always bring me back
When you're wild, when you're mad

I'm your girl
Shit gets real, good and bad
But we cry 'til we laugh
Through the pain, through the fads
That's so us (that's so us) What I like about you baby
Is how you annoy me daily
But you still fucking amaze me
That's so us! That's so us!
Yeah, we're both a lot to handle
I'm a Leo, you're a Cancer
We take on the world together
That's so us! That's so us! Ahhh, ahhh, ahhh
That's so us! That's so us!
Ahhh, ahhh, ahhh
Ahhh
