

# Money Right (feat. Skepta)

## Dizzee Rascal

[Intro: Dizzee Rascal and Skepta]

[Dizzee Rascal]

Awwwwwwwwwwwwwwwwwwww, shhhhhhit

[Skepta]

(Yeah, yeah)

[Dizzee Rascal]

Raskit and Skepta

[Skepta]

Beats to the end, tryna get that cash

[Dizzee Rascal]

Yeah, goin' on dirty, goin' on stank

[Hook: Skepta]

You throw a penny up the wall

Pick the money up off the floor

You grip it, you flip it

Tell the plug you need some more

Second time tonight

Tell him you need a better price

He said the weight is heavy

Tell him you need the exercise

My money right

Wait till I get my money right

My money right

Wait till I get my money right

My money right

Wait till I get my money right

My money right

Wait till I get my money right

[Verse 1: Dizzee Rascal]

Hey, stop that start that get that (what?)

No, we ain't ducking no get back

It's Rascal and Skeppy

With something peppery for your headback

Ain't no disrespect better dead that

Come through stuntin' and suttin' all jet black

Mandem hustlin' and crumblin'

Rollin' and bunin' that jetpack

Stumblin, lungs and lookin' all jet black

Old school east side brother I rep that

You go check that you'll get your neck snapped

All of them setbacks

Kept me on the tip of my crepes and I can't forget that

Forget my cheque and you will regret that  
I get the cheque and they can't affect that  
You better check that  
This all correct up get that cheque back[Hook: Skepta]  
You throw a penny up the wall  
Pick the money up off the floor

Go on then, go on then, we don't play (nah)  
It's Skeppy and Raskit back with a brand new track yeah the London wave (smoke)  
Everyday man follow me surfin' online tryna catch the wave (the wave)  
Get baptised, make your whole crew capsize  
Been bullying crews for days (greaze)  
Tell that pussy'o stop talking rubbish  
Man came in with the thuggish ruggish (greaze)  
You cannot talk about the roads to a guy that's fuckin' done it (done it, done it)  
Yeah, running around the street with a balley for the money  
Baby fathers got the yutes with the swammy in the buggy (woah)[Verse 3: Dizzee Rascal]  
I'm the alpha omega, please  
Take what's older I slay you freeze  
Lay you out where you stay that's greaze  
I don't ramp I don't play and I do not bend  
And I do not sway with ease  
They can't sway me away from Ps  
I want all of the smoke I'm wheezy  
And I smoked about 1000 trees  
Breathe easy you know my steez  
E3 and Meridian Gs  
Way I move so ghost I'm local but I'm thinkin' I'm overseas  
Trying to seize some vitamin D  
Dotting the Is and crossing the Ts  
You're a joker you can't be serious if you say you aren't from my [?][Hook: Skepta]  
You throw a penny up the wall  
Pick the money up off the floor  
You grip it, you flip it

Tell him you need a better price  
He said the weight is heavy  
Tell him you need the exercise  
My money right

They never saw it coming  
We don't talk for the sake of talkin'  
We just get it done  
[Skepta]

[Dizzee Rascal]  
East, North, South, West  
Big up your chest  
Goin' on dirty, goin' on stank
