

Dog in the Mirror

Guerilla Toss

You call it "checking out"
What are you checking in me?
Right, sell it, what's wrong?
To review it religiously Go backwards into the
???

You call it "checking out"
What are you checking in me? Walking at the picture
Bridled by the circle
Start at the end of it
Dog in a mirror
And you see
You see
Walking at the picture
Bridled by the circle
Start at the end of it
Dog in a mirror
And you see
You see
You see
The dog
You see
In it

You see Ask no one to the dog
Doesn't present what he sees
But to the vision, it's
Reflecting backwards to me
Walking at the picture
Bridled by the circle
Start at the end of it
Dog in a mirror
And you see

You see Walking at the picture
Bridled by the circle
Start at the end of it
Dog in a mirror
And you see

You see But you look dead inside
The dog behind the glass
Slinking about
It turned around
And looked right back
The hound it was

Quite hurt, in fact Looking and watching
I think I saw it
Dog in a mirror She said "I am
I am not one
But in a sense
??
The man, the boy
The girl, the dog"
And as she spoke
They saw two dogs Looking and watching
I think I saw it
Dog in a mirror She said "I am
I am not one
But in a sense
??
The man, the boy
The girl, the dog"
And as she spoke
They saw two dogs Looking and watching
I think I saw a
Dog in a mirror
