

Can't Trust Thots (feat. French Montana)

Wash

Take her phone and her ID
C-C-Can't post me on IG
Know them thots they be creeping
Tryna catch a selfie while I'm sleeping
Go to far you need a passport
See them shots coming got a glass quart
Thots try to camcorder
That's a long shot I'm sure from headquarters
Can't trust thots
Soon as them bottles start coming out
Then she come running to my car
She'll leave your ass
never trust a big butt and a smile
And you can't trust thots
Soon as the liquor start running out
She'll be creeping to another couch
She'll leave your ass
never trust a big butt and a smile
A thot is a girl that look for bottles as soon as she come in the club
You can find her at my table flirting with the ballers
tryna go for a cup
Crazy part shorty bad as fuck
Doing squats all day working on her butt
She know that I'll make a nigga go nuts
That's what she want
She ain't tryna pay for anything if anything
She tryna get a wedding ring
But me and my niggas ain't no cuffing no nothing
And her favorite thing to hear a dude say is
You might get a pair of nice shoes and a bag
Money ain't nothing baby I'll spend it fast on you
Baby I'll spend it fast on you
That's when I found out that you can't trust thots
Soon as them bottles start coming out
Then she come running to my car
She'll leave your ass
never trust a big butt and a smile
And you can't trust thots
Soon as the liquor start running out
She'll be creeping to another couch
She'll leave your ass
never trust a big butt and a smile
A thot is a girl that look for sparkle as soon as she come in the club
You can spot her up at the bar until she see them lights
Then she coming on over here with us
Ain't no shame in her game
She bring her friends too and
They be tryna act like they not with her but they be drinking too
She ain't tryna pay for anything
if anything
She tryna get a wedding ring
But me and my niggas ain't no cuffing no nothing
And her favorite thing to hear a dude say is
You might get a pair of nice shoes and a bag
Money ain't nothing baby I'll spend it fast on you

Baby I'll spend it fast on you That's when I found out that you can't trust thots
Soon as them bottles start coming out Then she come running to my car She'll leave your ass
never trust a big butt and a smile
And you can't trust thots
Soon as the liquor start running out She'll be creeping to another couch She'll leave your ass
never trust a big butt and a smile I need nice shoes and a bag
Need a dough boy with it bad
I got the best pussy and the best head
Need my boobs and my ass did
I know you got smoke and some drink
Tonight I'm goin hard in the paint
If you love me like he say he did
He'll move me where he say he live You can't trust thots
Soon as them bottles start coming out Then she come running to my car She'll leave your ass
never trust a big butt and a smile
And you can't trust thots
Soon as the liquor start running out She'll be creeping to another couch She'll leave your ass
never trust a big butt and a smile
(Can't trust thots)
